

FCCI Inland Marine Products

Installation Floater/Riggers Coverage

COVERAGE ESSENTIALS BUILT FOR THE INLAND MARINE INDUSTRY

As a company founded by contractors in 1959, FCCI Insurance Group understands the complex risks that contractors face. We are committed to providing a wide array of Inland Marine solutions for all types of contractors and construction businesses. We'll help you manage the risks and protect your business.

FLOATER COVERAGE FOR INSTALLATION PROJECTS

Contractors need protection from a variety of risks while performing installation work on new or existing structures.

FCCI's Installation Floater provides broad and unique coverage for the personal property of others during installation as well as the supplies, machinery, fixtures and equipment that are part of the installation project.

RIGGERS COVERAGE FOR MOVING PROPERTY & EQUIPMENT OF OTHERS

Contractors who lift, move and set in place the property of others also need specialized protection to limit their exposure.

FCCI's Riggers Coverage protects contractors and construction riggers while handling the property of others in their custody. Loss or damage to the property is covered, regardless of the rigger's negligence in causing the loss or damage. This protection allows riggers to perform important functions at ease, without the worry of an accident destroying their business or reputation.
